TWO FACTORY BILLS LAWS

Health and Morals.

Albany, March 15.-Two of the State ne introduced by Senator Wagner and the other by Assemblyman Jackson, were signed by Governor Sulzer to-day. Senator Wagner's bill makes more stringent rovisions as to cleanliness in rooms in factories and extend the provisions to all rooms. The old law applied these pro-

visions only to workrooms. The Jackson bill makes additional provision for the protection of the health and morals of female employes in factories by requiring an adequate rest period at night and by probabiling women from working before 6 o'clock in the morning or after to o'clock at night. "It is very gratifying to me to sign the

first of the labor bills," declared the Governor, "and I hope the others will quickly follow, so I may sign them." Assemblyman Walker's bill amending
